

Work on the FPSO at the Inchgreen dry dock by Bouygues Offshore's subsidiary UIE

# UIE

The Harbour Island fabrication site. Work begins on the roll-up of the 6500t outer panels of BP's Pompano Jacket.

# POMPANO

# DAI HUNG

BHP's Dai Hung floating production platform with the drilling rig in the background.

The platform was converted from Hamilton Bros' Deep Sea Pioneer at Far Ease Levingston Shipbuilding
